

The performance data shown represents past performance of the Portfolios and is not a guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. Please visit www.nextgenforme.com for most recent month-end performance updates. The returns shown reflect total return for the period ending August 31, 2017, after giving effect to the Management, Portfolio Servicing, and Maine Administration Fees, as applicable, as well as fees and expenses of the Underlying Funds. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine (FAME). Investment return will fluctuate with market conditions. Effective May 15, 2017, performance data shown "with sales charge" reflects the maximum initial sales charge of 3.75% on all Portfolios except the NextGen Savings Portfolio and the Principal Plus Portfolio. An initial sales charge is not applied to the NextGen Savings Portfolio or the Principal Plus Portfolio.

Investors may obtain performance data current to the most recent month-end and quarter-end by accessing www.nextgenforme.com.

(1) A Units of the Client Select Series Portfolios were not offered prior to September 20, 2004. Effective June 9, 2014, the G & S Unit Classes were closed and all outstanding G & S Units were converted into either A or C Class Units as described in the Supplement to the Program Description dated May 12, 2014.

(2) The return of the NextGen Savings Portfolio is based on the interest rate paid by Bank of America, N.A. (the "Bank") on the deposits of the NextGen Savings Portfolio, which will vary over time at the Bank's discretion without notice. The Program Manager and FAME do not currently charge any fees for the NextGen Savings Portfolio, but reserve the right to do so in the future. Any such fees would reduce the return shown for the NextGen Savings Portfolio.

(3) Although the Principal Plus Portfolio is currently invested entirely in the New York Life guaranteed interest account (GIA), the Principal Plus Portfolio's investments have changed over time. At various times since its inception, the Principal Plus Portfolio has been invested in a guaranteed investment contract (GIC), the Cash Allocation Account, and the Bank Deposit Account. The historical performance of the Principal Plus Portfolio has been affected by each of these investments. Please see the Program Description and any supplements for more information. The Program Manager provides administrative services with respect to the Principal Plus Portfolio and performs credit analyses on the issuers of GICs and GIAs. New York Life has issued the GIA and guarantees principal allocated to the GIA, accumulated interest and its future interest rates. New York Life's commitment to the GIA is based solely on its ability to pay its obligation from its general account. The commitment to the GIA is not secured by any collateral.

Total returns shown reflect any waiver or reimbursement of part of any Underlying Fund's expenses during the periods shown, without which returns shown would have been lower.

* Since inception returns for periods of less than one year are not annualized. Please note that there are limitations when viewing short-term performance results in portfolios with less than one year of performance. This short-term performance may not be achieved over longer time periods. The gross expense ratio for a Portfolio with less than one year of performance is based on estimated amounts for the Portfolio's current fiscal year.

The NextGen Plan is a Section 529 plan administered by FAME. Before you invest in the NextGen plan, request a NextGen College Investing Plan Program Description from your financial advisor or call toll free (888) 264-9077 and read it carefully. The Program Description contains more complete information, including investment objectives, charges, expenses and risks of investing in the NextGen plan, which you should carefully consider before investing. You also should consider whether your home state or your designated beneficiary's home state offers any state tax or other benefits that are only available for

investments in such state's 529 plan. Merrill Lynch, Pierce, Fenner & Smith Incorporated, a registered broker-dealer, member SIPC, is the program manager and underwriter.

General investment risks and specific risks of investing in plan portfolios can include, but are not limited to, risks of convertible securities; sector or industry focus; credit; derivative securities; foreign securities, including currency exchange rates, political and economic developments, trading practices, availability of information, limited markets and heightened risk in emerging markets; growth or value style investing; interest rate; lower-rated and unrated securities; mortgage securities and asset-backed securities; restructuring and distressed companies; securities lending; smaller and midsize companies; and stocks. Program accounts are not bank deposits, are not insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration, are not debt or obligations of, or guaranteed by, any bank or other financial institution.

The performance data shown represents past performance of the Portfolios and is not a guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. Please visit www.nextgenforme.com for most recent month-end performance updates. The returns shown reflect total return for the period ending August 31, 2017, after giving effect to the Management, Portfolio Servicing, and Maine Administration Fees, as applicable, as well as fees and expenses of the Underlying Funds. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine (FAME). Investment return will fluctuate with market conditions. Performance data shown "with sales charge" reflects a contingent deferred sales charge (CDSC) of 1.00% on all Portfolios in the first year after purchase, except in the Principal Plus Portfolio and the NextGen Savings Portfolio. The CDSC of 0.25% applicable to the Principal Plus Portfolio was eliminated on October 14, 2013 and the NextGen Savings Portfolio does not have a CDSC.

Investors may obtain performance data current to the most recent month-end and quarter-end by accessing www.nextgenforme.com.

(1) C Units of the Client Select Series Portfolios were not offered prior to September 20, 2004. Effective June 9, 2014, the G & S Unit Classes were closed and all outstanding G & S Units were converted into either A or C Class Units as described in the Supplement to the Program Description dated May 12, 2014.

(2) The return of the NextGen Savings Portfolio is based on the interest rate paid by Bank of America, N.A. (the "Bank") on the deposits of the NextGen Savings Portfolio, which will vary over time at the Bank's discretion without notice. The Program Manager and FAME do not currently charge any fees for the NextGen Savings Portfolio, but reserve the right to do so in the future. Any such fees would reduce the return shown for the NextGen Savings Portfolio.

(3) Although the Principal Plus Portfolio is currently invested entirely in the New York Life guaranteed interest account (GIA), the Principal Plus Portfolio's investments have changed over time. At various times since its inception, the Principal Plus Portfolio has been invested in a guaranteed investment contract (GIC), the Cash Allocation Account, and the Bank Deposit Account. The historical performance of the Principal Plus Portfolio has been affected by each of these investments. Please see the Program Description and any supplements for more information. The Program Manager provides administrative services with respect to the Principal Plus Portfolio and performs credit analyses on the issuers of GICs and GIAs. New York Life has issued the GIA and guarantees principal allocated to the GIA, accumulated interest and its future interest rates. New York Life's commitment to the GIA is based solely on its ability to pay its obligation from its general account. The commitment to the GIA is not secured by any collateral.

Total returns shown reflect any waiver or reimbursement of part of any Underlying Fund's expenses during the periods shown, without which returns shown would have been lower.

* Since inception returns for periods of less than one year are not annualized. Please note that there are limitations when viewing short-term performance results in portfolios with less than one year of performance. This short-term performance may not be achieved over longer time periods. The gross expense ratio for a Portfolio with less than one year of performance is based on estimated amounts for the Portfolio's current fiscal year.

The NextGen Plan is a Section 529 plan administered by FAME. Before you invest in the NextGen plan, request a NextGen College Investing Plan Program Description from your financial advisor or call toll free (888) 264-9077 and read it carefully. The Program Description contains more complete information, including investment objectives, charges, expenses and risks of investing in the NextGen plan, which you should carefully consider before investing. You also should consider whether your home state or your designated beneficiary's home state offers any state tax or other benefits that are only available for

investments in such state's 529 plan. Merrill Lynch, Pierce, Fenner & Smith Incorporated, a registered broker-dealer, member SIPC, is the program manager and underwriter.

General investment risks and specific risks of investing in plan portfolios can include, but are not limited to, risks of convertible securities; sector or industry focus; credit; derivative securities; foreign securities, including currency exchange rates, political and economic developments, trading practices, availability of information, limited markets and heightened risk in emerging markets; growth or value style investing; interest rate; lower-rated and unrated securities; mortgage securities and asset-backed securities; restructuring and distressed companies; securities lending; smaller and midsize companies; and stocks. Program accounts are not bank deposits, are not insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration, are not debt or obligations of, or guaranteed by, any bank or other financial institution.

The performance data shown represents past performance of the Portfolios and is not a guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. Please visit www.nextgenforme.com for most recent month-end performance updates. The returns shown reflect total return for the period ending June 30, 2017, after giving effect to the Management, Portfolio Servicing, and Maine Administration Fees, as applicable, as well as fees and expenses of the Underlying Funds. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine (FAME). Investment return will fluctuate with market conditions. Effective May 15, 2017, performance data shown "with sales charge" reflects the maximum initial sales charge of 3.75% on all Portfolios except the NextGen Savings Portfolio and the Principal Plus Portfolio. An initial sales charge is not applied to the NextGen Savings Portfolio or the Principal Plus Portfolio.

Investors may obtain performance data current to the most recent month-end and quarter-end by accessing www.nextgenforme.com.

(1) A Units of the Client Select Series Portfolios were not offered prior to September 20, 2004. Effective June 9, 2014, the G & S Unit Classes were closed and all outstanding G & S Units were converted into either A or C Class Units as described in the Supplement to the Program Description dated May 12, 2014.

(2) The return of the NextGen Savings Portfolio is based on the interest rate paid by Bank of America, N.A. (the "Bank") on the deposits of the NextGen Savings Portfolio, which will vary over time at the Bank's discretion without notice. The Program Manager and FAME do not currently charge any fees for the NextGen Savings Portfolio, but reserve the right to do so in the future. Any such fees would reduce the return shown for the NextGen Savings Portfolio.

(3) Although the Principal Plus Portfolio is currently invested entirely in the New York Life guaranteed interest account (GIA), the Principal Plus Portfolio's investments have changed over time. At various times since its inception, the Principal Plus Portfolio has been invested in a guaranteed investment contract (GIC), the Cash Allocation Account, and the Bank Deposit Account. The historical performance of the Principal Plus Portfolio has been affected by each of these investments. Please see the Program Description and any supplements for more information. The Program Manager provides administrative services with respect to the Principal Plus Portfolio and performs credit analyses on the issuers of GICs and GIAs. New York Life has issued the GIA and guarantees principal allocated to the GIA, accumulated interest and its future interest rates. New York Life's commitment to the GIA is based solely on its ability to pay its obligation from its general account. The commitment to the GIA is not secured by any collateral.

Total returns shown reflect any waiver or reimbursement of part of any Underlying Fund's expenses during the periods shown, without which returns shown would have been lower.

* Since inception returns for periods of less than one year are not annualized. Please note that there are limitations when viewing short-term performance results in portfolios with less than one year of performance. This short-term performance may not be achieved over longer time periods. The gross expense ratio for a Portfolio with less than one year of performance is based on estimated amounts for the Portfolio's current fiscal year.

The NextGen Plan is a Section 529 plan administered by FAME. Before you invest in the NextGen plan, request a NextGen College Investing Plan Program Description from your financial advisor or call toll free (888) 264-9077 and read it carefully. The Program Description contains more complete information, including investment objectives, charges, expenses and risks of investing in the NextGen plan, which you should carefully consider before investing. You also should consider whether your home state or your designated beneficiary's home state offers any state tax or other benefits that are only available for

investments in such state's 529 plan. Merrill Lynch, Pierce, Fenner & Smith Incorporated, a registered broker-dealer, member SIPC, is the program manager and underwriter.

General investment risks and specific risks of investing in plan portfolios can include, but are not limited to, risks of convertible securities; sector or industry focus; credit; derivative securities; foreign securities, including currency exchange rates, political and economic developments, trading practices, availability of information, limited markets and heightened risk in emerging markets; growth or value style investing; interest rate; lower-rated and unrated securities; mortgage securities and asset-backed securities; restructuring and distressed companies; securities lending; smaller and midsize companies; and stocks. Program accounts are not bank deposits, are not insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration, are not debt or obligations of, or guaranteed by, any bank or other financial institution.

NextGen and *NextGen College Investing Plan* are registered trademarks of the Finance Authority of Maine.

The performance data shown represents past performance of the Portfolios and is not a guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. Please visit www.nextgenforme.com for most recent month-end performance updates. The returns shown reflect total return for the period ending June 30, 2017, after giving effect to the Management, Portfolio Servicing, and Maine Administration Fees, as applicable, as well as fees and expenses of the Underlying Funds. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine (FAME). Investment return will fluctuate with market conditions. Performance data shown "with sales charge" reflects a contingent deferred sales charge (CDSC) of 1.00% on all Portfolios in the first year after purchase, except in the Principal Plus Portfolio and the NextGen Savings Portfolio. The CDSC of 0.25% applicable to the Principal Plus Portfolio was eliminated on October 14, 2013 and the NextGen Savings Portfolio does not have a CDSC.

(1) C Units of the Client Select Series Portfolios were not offered prior to September 20, 2004. Effective June 9, 2014, the G & S Unit Classes were closed and all outstanding G & S Units were converted into either A or C Class Units as described in the Supplement to the Program Description dated May 12, 2014.

(2) The return of the NextGen Savings Portfolio is based on the interest rate paid by Bank of America, N.A. (the "Bank") on the deposits of the NextGen Savings Portfolio, which will vary over time at the Bank's discretion without notice. The Program Manager and FAME do not currently charge any fees for the NextGen Savings Portfolio, but reserve the right to do so in the future. Any such fees would reduce the return shown for the NextGen Savings Portfolio.

(3) Although the Principal Plus Portfolio is currently invested entirely in the New York Life guaranteed interest account (GIA), the Principal Plus Portfolio's investments have changed over time. At various times since its inception, the Principal Plus Portfolio has been invested in a guaranteed investment contract (GIC), the Cash Allocation Account, and the Bank Deposit Account. The historical performance of the Principal Plus Portfolio has been affected by each of these investments. Please see the Program Description and any supplements for more information. The Program Manager provides administrative services with respect to the Principal Plus Portfolio and performs credit analyses on the issuers of GICs and GIAs. New York Life has issued the GIA and guarantees principal allocated to the GIA, accumulated interest and its future interest rates. New York Life's commitment to the GIA is based solely on its ability to pay its obligation from its general account. The commitment to the GIA is not secured by any collateral.

Total returns shown reflect any waiver or reimbursement of part of any Underlying Fund's expenses during the periods shown, without which returns shown would have been lower.

* Since inception returns for periods of less than one year are not annualized. Please note that there are limitations when viewing short-term performance results in portfolios with less than one year of performance. This short-term performance may not be achieved over longer time periods. The gross expense ratio for a Portfolio with less than one year of performance is based on estimated amounts for the Portfolio's current fiscal year.

The NextGen Plan is a Section 529 plan administered by FAME. Before you invest in the NextGen plan, request a NextGen College Investing Plan Program Description from your financial advisor or call toll free (888) 264-9077 and read it carefully. The Program Description contains more complete information, including investment objectives, charges, expenses and risks of investing in the NextGen plan, which you should carefully consider before investing. You also should consider whether your home state or your designated beneficiary's home state offers any state tax or other benefits that are only available for

investments in such state's 529 plan. Merrill Lynch, Pierce, Fenner & Smith Incorporated, a registered broker-dealer, member SIPC, is the program manager and underwriter.

General investment risks and specific risks of investing in plan portfolios can include, but are not limited to, risks of convertible securities; sector or industry focus; credit; derivative securities; foreign securities, including currency exchange rates, political and economic developments, trading practices, availability of information, limited markets and heightened risk in emerging markets; growth or value style investing; interest rate; lower-rated and unrated securities; mortgage securities and asset-backed securities; restructuring and distressed companies; securities lending; smaller and midsize companies; and stocks. Program accounts are not bank deposits, are not insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration, are not debt or obligations of, or guaranteed by, any bank or other financial institution.
