- Withdrawals of matching grant funds can only be paid to an Eligible Institution of Higher Education.
- Matching grant funds may only be used for withdrawals for "Qualified Higher Education Expenses" as defined in Section 529(e) of the Internal Revenue Code. See Section 6 and the Program Description for further information regarding qualified higher education expenses.
- The NextGen 529 Matching Grant Program has been designed so that the matching grant, including the earnings, if any, used for certain qualified higher education expenses at an eligible institution of higher education, will be treated as a scholarship as defined by the Internal Revenue Code. The award can be used for tuition and fees required for enrollment or attendance, fees, books, supplies and equipment required for courses of instruction at the eligible institution, and expenses for the purchase of computer or peripheral equipment, computer software, or Internet access and related services, if such equipment, software, or services are to be used primarily by the Designated Beneficiary during any of the years the Designated Beneficiary is enrolled at an eligible institution of higher education. However, any portion of the award used as payment for room and board costs may be subject to federal and/or state income tax and should be reported by the Participant or Designated Beneficiary (as required) to the Internal Revenue Service when filing his or her tax return.
- Matching grant funds, including earnings on matching funds, should be fully used before other assets in the NextGen 529 Account are used for qualified higher education expenses at an eligible institution of higher education.
- The NextGen 529 Matching Grant Program is subject to additional terms and conditions. No Participant or Designated Beneficiary is guaranteed a benefit under the program, the terms and availability of which are subject to change at any time. Please refer to the Grant Terms and Conditions at www.nextgenforme.com for more information.

By signing Section 5 of this Withdrawal Form, I hereby certify that my request complies with the Terms and Conditions of the NextGen 529 Matching Grant Program and that the above specified withdrawal amount of the matching grant will be used for qualified higher education expenses at an eligible institution of higher education. 6. Guidelines for Completing a Withdrawal Request

The federal and state tax consequences associated with the Program are complex, and Participants should consult a qualified tax advisor regarding the tax rules associated with their particular circumstances before taking a withdrawal.

- Withdrawal requests may take up to five business days to process.
- The Program Manager does not require documentation other than the Withdrawal Request Form to process a withdrawal request. However, clients should retain all receipts for qualified higher education expenses with their other important tax documents.
- Only one distributee is allowed per Withdrawal Request Form. If you are requesting a withdrawal for qualified higher education expenses to be paid to multiple distributees, you must complete separate Withdrawal Request Forms.
- An Eligible Institution of Higher Education must meet two requirements:
 - (1) It must meet the accreditation criteria, as described in Section 481 of the Higher Education Act of 1965 (as in effect on Aug. 5, 1997) and;
 - (2) It must be eligible to participate in Title IV U.S. federal financial aid programs. (If the Department of Education has assigned the institution a Federal School Code, then generally it has met these requirements. See www.fafsa.ed.gov for more information.)

Qualified withdrawals: Withdrawals for qualified higher education expenses or eligible rollovers.

Qualified higher education expenses include: The costs of tuition, fees, books, supplies and equipment required for enrollment or attendance, certain room and board expenses of a Designated Beneficiary at an Eligible Institution of Higher Education, expenses for the purchase of computer or peripheral equipment, computer software, or Internet access and related services, if such equipment, software, or services are to be used primarily by the Designated Beneficiary during any of the years the Designated Beneficiary is enrolled at an Eligible Institution of Higher Education, and expenses for special needs services in the case of a special needs beneficiary that are incurred in connection with enrollment or attendance at an Eligible Institution of Higher Education.

- *Room and board expenses* – Room and board expenses are eligible expenses only if the Designated Beneficiary is enrolled in a degree or certificate-granting program at least half-time at an Eligible Institution of Higher Education. For students living at home with parents, as well as students not living in institutionally owned or operated housing, the Eligible Institution of Higher Education “cost of attendance” allowance for federal financial aid purposes will be the room and board amount treated as a qualified higher education expense. For students living on campus or off campus in institutionally owned or operated housing, the amount of room and board treated as a qualified higher education expense can be the actual amount charged to the student.
- *Tax treatment* – Qualified withdrawals, including any earnings, will not be subject to federal taxes. (For state tax treatment, please check with your local state government.) Participants should retain adequate records relating to withdrawals for tax reporting purposes. If the distribution is made directly to an Eligible Institution of Higher Education, the Designated Beneficiary is treated as the distributee for tax purposes.

Tuition for elementary or secondary public, private, or religious school: For distributions after December 31, 2017, “qualified higher education expenses” also includes expenses for tuition in connection with enrollment or attendance at an elementary or secondary public, private, or religious school, up to \$10,000 per calendar year per Designated Beneficiary (across all 529 accounts for such beneficiary).

- Distributions to pay for tuition at an elementary or secondary public, private, or religious school must be paid directly to the Participant.

Non-qualified withdrawals: Withdrawals other than qualified withdrawals or withdrawals due to the death or disability of the Designated Beneficiary or receipt of a qualified scholarship or attendance at a U.S. military academy by the Designated Beneficiary.

- *Tax treatment* – The earnings portion of a nonqualified withdrawal is subject to applicable federal and state income tax and a 10% additional tax imposed by federal tax law. Participants should retain adequate records relating to withdrawals for tax reporting purposes.

Non-qualified withdrawals with exceptions: Exceptions to the 10% additional tax imposed for non-qualified withdrawals include the death or disability of the Designated Beneficiary; the receipt of a scholarship by the Designated Beneficiary, to the extent the amount withdrawn does not exceed the amount of such scholarship; the attendance by the Designated Beneficiary at a U.S. military academy; or the use of the American Opportunity tax credit (which modifies the prior Hope Scholarship tax credit) or Lifetime Learning tax credit as allowed under federal income tax law.
